PUREA Austria – Trust that connects. Experience that drives.

For over 80 years, **PUREA** has stood for reliability, quality and true partnership. With deep experience and genuine passion we create animal proteins and fats that meet the highest standards.

What sets us apart? A listening ear, flexible solutions and the drive to achieve more together. **PUREA** is a partner you can count on – yesterday, today and tomorrow.

Producing high quality animal proteins and fats. Since 1942

~ 300.000
tonnes of raw
materials per year

~ 100.000
tonnes of finished
products per year

6
certificates
(GMP+, ISO 9001, ISO 14001,
ISCC EU, SMETA 4-Pillar,
EcoVadis)

>80
years of production
experience

~ 200
employees

2
factories in
Austria

Purest insect protein from Austria. The feed component for the future.

PUREA

Our insect protein is brown, fine and pourable.

Made from the larvae of the black soldier fly, it is a marvellous feed ingredient.

High-Quality Nutrition for Pets

- Hypoallergenic: Expand your portfolio with a novel protein source that triggers fewer allergic reactions
- Strengthening the immune system: Antimicrobial peptides, antioxidants and chitosan in insect proteins provide powerful protection
- Positive effects on dental health: A diet based on the black soldier fly (BSF) shows a drop in the dreaded bad breath that afflicts many of our canine companions and beneficial effects for dental health
- Lauric acid: This “natural antibiotic” also reduces inflammation in the body
- Fatty acids: A high Omega-6 content supports brain health in pets

Consistent Quality. Reliable Supply.

- Over 80 years of experience in processing animal by-products
- Stable product quality and reliable feeding processes
- Own raw material supply with BSF
- Continuous production of PAP Insect and Insect Fat
- Dependable availability and supply security
- Trusted partner for long-term reliability

Sustainability and Eco-Friendliness

- Reduced Resource Consumption
- Lower CO2 Emissions compared to conventional livestock farming

Enhance the value and appeal of your pet food products with sustainable and high-quality Insect protein and fat from PUREA Austria.

**Insect-based inputs.
High-performance outputs.
Insect protein & fat by PUREA.**

Composition
